Holiday Homework

Class-VII

Dear students,

Summer vacation is a time to relax and have fun, but it is also a time to learn and grow. This summer holiday homework aims to develop your learning and creative skills, while having fun. You will explore your strengths and discover new hobbies.

Some tips to help you have a fun and productive summer vacation:

- Spend time enjoying the outdoors. Go for walks, hikes, bike rides, swimming, etc. It's a great way to stay active, get some fresh air, and explore the world around you.
- Spend time with friends and family. It'll help you to build relationships and create memories.

- Learn something new to make yourself curious and engaged.
- Take a break from technology. Put away your phone, computer, and TV to enjoy some peace and quiet. Read a book, take a nap, or just sit and listen to the birds sing. Taking a break from gadgets will help you relax and de-stress.

GENERAL INSTRUCTIONS:

- Complete every task or assignment as per the instructions and to the best of your abilities.
- Bring holiday homework in a neatly decorated folder.

Instructions for parents:

- Summer vacations can be transformative for the whole family. This is a break from regular studies to build new attributes of personality and discover hobbies. Be the supporting force for these activities.
- We are not expecting a work of art completed by parents, just help your ward and encourage him/ her to do the task themselves.
- Discipline is a behaviour, not an act. Make sure that discipline is maintained in every action of your ward.

1. ENGLISH

Know the author

Gather information about *Ruskin Bond*

How to do -

- Prepare a biographical sketch using Name, Date of birth, Educational Qualifications, Literary Works and Achievements.
- Read THE BLUE UMBRELLA  written by Ruskin Bond.
